By logging into Lockhart ISD's Skyward Family Access, you are agreeing to the following guidelines:

- Parents and legal guardians (except those barred by court order) may access their child's grades, attendance, schedules, and other information as offered by the school's student management software. Any site containing the above information must require the parent to log in with a secure (using 128-bit encryption) login and password. If you have more than one child in the district, you'll be pleased to know that Family Access gives you access to all your children from the same login/password. You only need to fill out one enrollment form and return it to one campus. Your login/password will remain the same until your child graduates.
- To ensure that the login and password is given only to the parent/legal guardian named on this form, you must pick up this information in person at the campus in which you enrolled. Please be prepared to show identification. Logins and passwords will not be shared over the phone.**
- Each user is responsible for their individual login information and should take all reasonable precautions to prevent others from being able to use their account. This includes, but is not limited to, regularly changing the account password and not sharing the password with others. Users shall notify their child's campus administration immediately if a possible security problem has been identified.
- Individual campus principals shall set guidelines for timely entry of grades, teacher notes, and attendance, and further expect that their staff will follow these guidelines.
